# ABOUT FUTURE CHOICES

The Hunter and Central Coast Future Choices Expos are annual events focused on transitioning students with diverse needs. These students may not all consider themselves as having a disability but these expos cater for a broad range of conditions such as: learning disabilities, Autism Spectrum Disorder, medical conditions, mental illness, physical conditions, sensory impairments, intellectual disability, and much more.

These long-running expos are the only events of their kind in the region to connect students transitioning out of the school system with the services available in their local areas to support them in the move to adult life.

The events attract over 120 Exhibitors including employment services, employers, education/training providers, disability providers, government services, social groups and more to create a one stop shop where all the information needed to support their decision making is at their fingertips!

Career Links is a community focused, not-for-profit organisation. Operating since 2000, we manage a range of programs and events which connect young people with business, education and community.

## Who Attends the Expos

- Around 1000 senior students, their Support Teachers or Career Advisers from Hunter and Central Coast secondary schools.

# EXHIBITORS

## WHY EXHIBIT

- Showcase your business
- Access to around 1000 transitioning senior students, their support people, carers and teachers.
- Showcase the support available from your organisation for students with diverse needs and non traditional pathways
- Connect with leaving students who are seeking community connections and support
- Create a database of potential clients
- Engage new students, participants and staff
- Facilitate pathways to encourage future study or employment
- Demonstrate career paths
- Assist students to access support, services and programs after leaving school.
- Discuss the opportunities and support available for students to attend your training/education institution, or your employment service
- Support the career development of young people and demonstrate the options available
- Develop a personal relationship with new clients/participants
- Networking with other exhibitors

**Now is a crucial time for these students, who are ready to make decisions. This is the perfect opportunity for you to display and promote your service or business to an eager and interested audience and to be a part of the business community supporting and working together with our youth.**
